Reflection & Discussion

1. Peter calls on believers to “honor” others and to act “honorably” before others: how do you define those words biblically?
2. Submission means to *voluntarily yield* to the authority of another:
 - a. Why is submission a difficult calling?
 - b. Have an open discussion about submitting to our government:
 - i. Where do we draw the line?
 - ii. Why does God insist that we do it, even though our government shows Him little respect?
 - iii. What kind of an attitude do you have regarding our government? (And what does God expect?)
 - iv. ...etc.
