Reflection & Discussion

1. God created the institution of *marriage*: biblically, how would you answer the question: “What is marriage?” Also, “Why is it important?”
2. Wives are called to submit (“be subject”) to their husbands:
 - a. Consider/discuss: *what does her submission look like practically?*
 - b. What should she do if she *disagrees* with how he is leading her?
 - c. How does a woman grow in her ability to submit to her husband? (*Related*: how do Christians grow in their ability to submit to any authority?)
3. (Extra credit: *why is the institution of marriage, and the roles of men and women, under attack in our world?*)
