**Reflection & Discussion**

(From last week):

1. Peter exhorts husbands to *honor* their wives:
  - a. How would you define ‘honor’ biblically?
  - b. What does *honoring his wife* look like practically?
  - c. Consider/discuss other uses of ‘honor’ in the Bible (especially 1<sup>st</sup> Peter 2:17)
  
2. In verse 7, husbands should consider their wives as “weaker vessels”. Consider/discuss Peter’s use of that term.
  
3. 2 reasons are given to motivate men to be godly husbands: the wife is a *fellow heir*, and so that his prayers aren’t *hindered*. Consider/discuss the meaning of those. What other Scriptures support them?

(Extra credit):

Reconsider 1<sup>st</sup> Peter 3:1-7 (and our 5 studies) regarding God’s design for wives and husbands in marriage: How would you finish these sentences?

- “The *marks* of a godly wife in marriage are...”
- “A godly husband’s *high call* in marriage consists of...”
- “Key differences between ‘marriage’ as the Bible defines it, compared to how the *world* defines it, are...”
