Reflection & Discussion

1. Besides 2nd Peter 2, what Bible passages warn us to *beware of false teaching*?
 - a. How is a Christian to protect himself/herself from *falling* for false teaching?
 - b. Biblically (and practically), what are the consequences of a Christian who gives in to false teaching?
 - c. Have an open discussion regarding *how false doctrine* seeps its way into churches (What is the responsibility of the elders? How does it *permeate* into the body? What steps should be taken if you recognize false doctrine? ...etc.)
